TRINITARIO®

Fine Flavour Cocoa

JULY 2026 - SEPTEMBER 2026

ABOUT US

The Trinidad & Tobago Fine Cocoa Company was established as a public-private partnership with the aim of rehabilitating the cocoa sector. This is achieved through improving the quality and yield of bean production and developing value-added products for the local, regional and international markets. With a capacity of around 25 tonnes of Trinidadian cocoa produced per year, servicing industrial, culinary and retail clients locally and internationally, TTFCC's equipment and expertise is unrivalled within the twin islands of T&T.

During our operations over the course of the last years, we have continued to innovate, improve our retail offering and work with Trinitario cocoa producers in the region. We have transitioned from agro-processor of cocoa to opening our flagship retail outlet, The Chocolate Box, to working with numerous corporate clients, The Government of Trinidad and Tobago, embassies and high commissions and more.

Now under our Trinitario® brand and with the experience of having won seven Academy of Chocolate awards in London, including a silver for our unique miniature steelpans, we are proud to present our corporate and gifting options for you to celebrate local flavours, local ingredients and the finest cocoa in the world.
